

# IMOH24

INTERNATIONAL MEETING ON CHALLENGES  
AND OPPORTUNITIES FOR HICANS

Abstracts - June, 10  
Early Bird - July, 24

[www.imoh.eu](http://www.imoh.eu)

October, 15-17 2024  
Bizkaia Science &  
Technology Park  
Leioa (Spain)

## A Must-Attend Event for the Neutron Science Community

Be part of the conversation on HiCANS,  
the new promising neutron sources

Share your work and views in neutronics  
with prestigious international experts

### PROGRAM

- Day 1**  
State of the Art & Applications of HiCANS
- Day 2**  
Neutron Science
- Day 3**  
Opportunities and Challenges of HiCANS

## 6 Plenary Speakers

**Mario Pérez**

ESS Bilbao Executive Director and ELENA chair

**Thomas Gutberlet**

High Brilliance Source Project HBS at  
Jülich Centre for Neutron Science (JCNS-2)

**Astrid Schneidewind**

JCNS at MLZ, FZ Jülich and ENSA chairperson

**Giovanna Fragneto**

European Spallation Source ESS Science Director

**Erik Fernández**

INEUSTAR,  
the Spanish Science Industry Association

**Ferenc Mezei**

Mirrortron

## 8 Invited Speakers

**Yoshie Otake**

RANS project at Riken Center for  
Advanced Photonics

**Arnaud Desmedt**

ICONE Project  
Laboratoire Léon Brillouin - LLB

**M. Teresa Fdez. Díaz**

President SETN.  
Institut Laue-Langevin ILL

**J.J. Gómez Cadenas**

DIPC- Donostia International Physics Center

**Ivana R. Evans**

Durham University

**Miguel Ángel Carrera**

AVS

**Sandra Cabeza**

SALSA Stress Diffractometer.  
Institut Laue- Langevin ILL

**Markus Strobl**

Laboratory for Neutron Scattering and Imaging  
(LNS) at Paul Scherrer Institut

Room for

# 16

Oral  
Presentations

# 2

Flash Sessions

# 1

Poster Session
